### Corrected Sections of Amendments to Application

Mail Stop Non-Compliant Amendments  
Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the "Notice of Non-Compliant Amendment" mailed on 10/10/2006 (Notice), please find attached corrected sections of both Amendment A and Amendment B.

The Notice, and a phone call with Examiner Eva Gillis on 10/31/2006, indicated that the submitted Amendment A, filed on 3/22/2004, included introductory material, Specification, and Remarks on a single page. Please find attached the Amendment A Specification and Remarks reformatted on separate pages to facilitate scanning.

The reason for Amendment A is to meet the statutory requirement to insert a reference to the PPA.

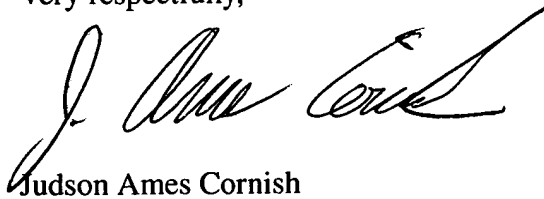

The Notice, and a phone call with Examiner Eva Gillis on 10/31/2006, indicated that the original Amendment B, filed on 7/2/2004, included a clean copy of the replacement section, but did not include markings. Please find attached a version of the replacement section with markings.

The reason for Amendment B is to correctly reference replacement compact discs, filed in response to a 5/3/2004 "Notice to File Missing Parts", which removed three (3) unnecessary non-ASCII files.

Neither of the original Amendments nor the corrected sections attached here include any new matter.

The applicant submits that these corrections bring both Amendment A and Amendment B into compliance with 37 CFR 1.121 and 1.4, and corrects all issues raised in the Notice.

Very respectfully,

Judson Ames Cornish
